

Excavator attachments

Demolition, recycling and earth-moving.
Experience our Hydraulic Attachment Tools.

Working side by side

Transverse Drum Cutters are an excellent choice for rock or concrete wall and surface profiling, trenching, soft rock and frozen soil excavation and demolition.

Can be used up to 30 meters underwater without additional installation or modification.

Extremely **robust spur gears** for optimum energy transmission and reliability

QuickSnap retaining system (ER 600-3000) for quick and easy pick changing

Large variety of cutting heads for various applications available

Robust housing design with HARDOX wear protection for higher uptime
